Dear Mr. Berkingoff:

Your letter of January 9th has been received in this office for reply. Both the United States Government and the Government of Israel have denounced the violence which was recently directed against Soviet diplomatic and business establishments in this country. In addition, responsible groups of citizens who are deeply concerned with the plight of Jewish and other minority groups in the Soviet Union have denounced this violence as unwarranted and counterproductive. Therefore, on the basis of all the information available to us we have concluded that this violence is the work of a relatively few misguided individuals.

We appreciated receiving your views and hope you will contact us if we can be of further assistance.

Sincerely yours,

Edward B. Kilham

Dear Sir:

In your answer to the Soviet Government, that the attacks on the Soviet offices, comes from "misguided individuals", I believe is erroneous, or putting blinder on the public eyes.

The so-called "Jewish Defence League", are not misguided individuals. They are a part of the Israeli army. The Israeli army was able to sink an American ship and kill 32 Americans, but they are not able to be in this country to attack Arab officials, and even Jews, who Israel looks as pro-Arabs.

Israel, thinks, that she is called upon to destroy the Soviet Union, and there by liquated Communism in the world.

They are preparing the Israeli public to it, by distributing information of how the Finns were able to wage a successful fight against the Russian.

Therefore she was willing to spend millions, in this country, to heat up anti-Soviet sentiments, so our country will wage war on the Soviets.

There was young man in this country, sent from Israel to propagandize against the Soviet Union. He was able to travel the entire length of our country, and have a station wagon, close to the offices of the United Nations, and make speeches against the Soviet Union. For some reason, the Israeli government, decided to re-call him. And he left this country.

If you want to stop the attacks, on the Soviet and Arab institutions in this country, tell that to the Israeli government.

Sincerely

David Berkingoff
